Bogor, Indonesia, 16965

Rizal is a final-year computer science student at Bina Nusantara University. He is a detail-oriented individual, willing to learn and eager to try new experiences. He has 1 year of internship experience as an IT Specialist Intern, mainly using JavaScript programming language and implemented ReactJS, ExpressJS, and NodeJS framework.

Experiences

PT Bank Central Asia Tbk

Feb 2023 - Feb 2024

IT Specialist Intern

- Designed and implemented APIs to facilitate seamless communication between mobile and web applications, enhancing overall system functionality and user experience.
- Actively contributing to the resolution of software bugs and technical issues. Engaged in the identification, analysis, and efficient fixing of bugs, demonstrating a proactive and problem-solving approach within the dynamic banking technology environment.
- Spearheaded the System Integration Testing (SIT) process, ensuring the smooth integration of various system components. Conducted rigorous testing to identify and address potential issues, contributing to the robustness of the integrated system.
- Offered crucial support during the User Acceptance Testing (UAT) phase, collaborating closely with end-users to validate system functionality and gather valuable feedback. Played a key role in refining the system based on UAT results.

Java Festival Production

May 2022

IT Technical Support Volunteer at Java Jazz Festival 2022

- Ensured the operational readiness of all technical equipment installed at the venue, including networks, laptops, and ticket scanners, to guarantee a smooth and efficient event experience.
- Coordinated closely with internal teams to ensure a seamless and well-prepared environment for the event, fostering collaboration and synergy across various technical aspects.
- Provided essential support in troubleshooting technical difficulties, particularly in the main gate and special show area, swiftly resolving issues to maintain the event's smooth flow.
- Offered support for all JJF 2022 Official Merchandise booths, contributing to the successful operation and customer experience at these key locations within the event venue.

Education

Bina Nusantara University - Jakarta, Indonesia

Jul 2020 - Jun 2024 (Expected)

Undergraduate in Computer Science, 3.70/4.00

- AIESEC in BINUS

Organisational Experience

AIESEC in BINUS

Apr 2021 - Jul 2021

AIESEC Future Leaders 2.0 Delegates

- Engaged in a leadership program that provided holistic training in hard skills, soft skills, and Emotional Intelligence (EQ), fostering a well-rounded and dynamic approach to leadership development.
- Actively connected with individuals from diverse universities and majors, cultivating a network that transcended academic boundaries and enriched collaborative opportunities.
- Attended a series of weekly webinars over three months, featuring speakers from various fields who shared valuable insights. The sessions provided a broad perspective and enhanced understanding across different domains for program participants.
